Home: Via Pietro Romani , 170 House, 00124 Roma (Italy)

WORK EXPERIENCE

Freelancing – karachi, Pakistan

Web developer

[30/11/2023 – Current]

Main activities and responsibilities:

- Developed and deployed more than 10 responsive web applications using React, Next.js, and modern CSS frameworks, achieving over 95% client satisfaction.
- Designed, implemented, and optimized MySQL and MongoDB databases, improving query response time by approximately 40%.
- Created interactive dashboards and data visualizations using Python, Power BI, and Tableau to support business decision-making.
- Implemented secure authentication mechanisms and conducted vulnerability assessments using Nessus and Nmap to enhance application security.

– karachi, Pakistan

Address: NEDUET Karachi, 75270 karachi (Pakistan)

Web developer

[01/09/2023 – 01/12/2023]

Main activities and responsibilities:

- Developed and maintained a real-time Sensor Management System using Node.js, Express.js, React.js, and MySQL for efficient data processing, storage, and visualization in scalable web architecture.
- Designed responsive and user-friendly interfaces with Material-UI and CanvasJS to deliver interactive sensor data visualizations, improving usability, accessibility, and overall user experience across multiple platforms.
- Implemented real-time data updates using WebSockets and robust API integrations to ensure accurate, consistent, and timely communication between sensors, backend services, and frontend applications systems.
- Collaborated with cross-functional teams to test, debug, and optimize system performance, scalability, and reliability, ensuring seamless integration of hardware, software, and analytical components across projects.

EDUCATION AND TRAINING

BS CYBER SECURITY

Dawood University of Engineering & Technology [22/10/2021 – 30/06/2025]

City: karachi | **Country:** Pakistan | **Website:** https://duet.edu.pk/

ICT and Internet Engineering

University of Rome Tor Vergata [17/10/2026 – Current]

City: Roma | **Country:** Italy | **Website:** https://web.uniroma2.it/ | **Field(s) of study:** Information and Communication Technologies | **Level in EQF:** EQF level 7

LANGUAGE SKILLS

Mother tongue(s): Urdu

Other language(s):

English

LISTENING B2 **READING** B2 **WRITING** B2

SPOKEN PRODUCTION B2 **SPOKEN INTERACTION** B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Microsoft Word / Microsoft Powerpoint / HTML5 + CSS3 - Intermedio / C,C++ Programming / Bootstrap / React (Intermediate) / Linux (Terminal Commands, Bash/Shell) / Node-js / GIT version control, Linux Command / UX - UI / Data Analysis / Python / Javascript / DBMS / MySQL / SQLite / Mongodb / Express-js

PROJECTS

[01/01/2025 – 25/06/2025]

AI-Powered Steganographic Communication System Main activities and responsibilities:

- Developed a secure real-time chat application using the MERN stack, implementing AES-128 encryption with RSA key exchange to ensure strong confidentiality and secure communication.
- Implemented advanced steganographic techniques to embed encrypted messages within digital images, providing covert communication and resistance against interception, surveillance, and traffic analysis attacks.
- Built secure RESTful APIs using Node.js, Express.js, and MongoDB for user authentication, encrypted message handling, access control, and reliable secure data storage.
- Designed a responsive React.js frontend enabling real-time messaging, secure image transmission, and user management while applying cybersecurity best practices and conducting security testing throughout development.
